My Experience

Former World / Europe Cup Ski Cross Athlete looking to combine my passion to achieve long term goals with my studies in Software development. Leveraging my competitive background, I co-founded and managed a thriving wholesale business, achieving a recurring revenue of over 300,000kr.

I bring a unique perspective to software development, blending my entrepreneurial skills with technical expertise in both front-end and back-end.

My commitment to achieving long-term goals, honed on the slopes, translates seamlessly into my passion for software development. In addition to my formal education, I continually refine my skills through personal projects, demonstrating my dedication to staying at the forefront of the tech industry.

More information about my personal projects can be found on my personal website as well as Github.

Core Skills

- C#, ASP.NET, RESTfull Apis, Html, css, Javascript, React.
- Experience in achieving long term goals
- Entrepreneurship
- Communication and presentation skills
